

A micrograph showing numerous cyanobacteria, characterized by their blue-green color and rod-like or oval shapes. The bacteria are scattered across a light gray background. A prominent feature is a cluster of cyanobacteria in the lower-left quadrant, which contains several larger, more complex cells with internal structures. A scale bar is located in the bottom right corner, consisting of a horizontal black line with the text "10 μm" written below it.

10 μ m
